

GIVE THIS INFORMATION TO THE DOCTOR THAT WILL CONDUCT THE EXAMINATION.

A Doctor selected by the participating Lions Club would make the examination. It would be expected the Doctor would follow the procedures required to furnish glasses to only children identified by an accepted organization, such as the School District.

The information required to make the glasses needs be furnished on a form signed by the Doctor. All the information to make the glasses will be on this form including the patients PD and the return address for glasses made. All children's glasses made by TLERC will use the CR-39 lenses unless otherwise specified by the Doctor's order. Include the child's name, address, and age. (List the Lions Club, address and phone number.) The selected frames with the Doctor's instructions are to be shipped to:

TLERC LAB
2550 Flynt Ave. Midland, TX 79701

WHAT IS THE COST PER PAIR OF GLASSES MADE by TLERC:

The cost will be a fixed rate for CR-39, hard coated and polycarbonate lenses in the standard range. (sphere 0.00 by quarter to 4.00 and cylinder 0.00 by quarter to 2.00)

As shown below for each pair of glasses:

CR - 39 standard	\$ 14.00
CR - 39 Hard Coated	\$ 16.00
Polycarbonate	\$ 18.00

Prescription readings higher than the standard range will be more expensive. (we can give you a quote if you request one, at the time of the order.)

Shipping cost plus packaging will be added. You will be billed after the glasses are shipped.

PLEASE FURNISH US WITH A STREET ADDRESS TO SEND THE GLASSES AND FRAMES. WE MAY USE UPS WHICH WILL NOT DELIVER TO A POST OFFICE BOX NUMBER.
